TO WHOM IT MAY CONCERN:

I am very pleased to recommend Mr. Luchezar Banovsky as a professional chef and caterer.

Mr. Banovsky has worked at my residence in Sofia on a dozen or more occasions, organizing the preparation and serving of food at my official representation functions. These events have ranged from small, informal gatherings to formal dinners to receptions with hundreds of invited guests. Despite the difficulties in finding ingredients locally, Mr. Banovsky and his staff always delivered splendid results, at the highest Continental standards.

In short, Mr. Banovsky is well-organized, highly dependable, with excellent culinary standards and a cultivated knowledge of protocol and etiquette. I would highly recommend him for any position in culinary preparation and management.

Sincerely,

Mark E. Dillen
